## *Our Teas*

Tea has the most exciting history - it has been carried on camels, sparked wars, inspired poems and even earned its own ceremonies. It tastes so marvellous; we can't help but love it...

Here at Stokes we offer the best loose leaf teas from around the world, at a fair price. Served in a traditional style with a pot of hot water on the side, you can enjoy a quick cup or take some time out for a little ceremony of your own.

Stop by our shop on the ground floor and grab a bag of your favourite blend to enjoy at home.

## *Our Coffees*

Throughout its history, coffee has always maintained a sophisticated, exotic, somewhat mysterious aura. It is sturdy stuff too, having survived shipwrecks and spies, frisky goats and clerical condemnation. It is our passion, and we like to think we know a thing or two about it.

Our baristas are highly trained to ensure that every coffee served at Stokes is of the highest standard. Press the plunger on a cafetiere of your favourite blend, enjoy a perfectly crafted cappuccino or sample one of the world's rarest coffees from our Brew Bar (available in our ground floor cafe).

We select the highest grade beans from the best coffee plantations in the world to ensure that each cup we serve will wow even the most avid coffee aficionado.

Our coffee is blended and roasted locally and can be purchased from our shop. Take home a strong, smooth Bruzzi, beautiful, mild Kenyan AA, or our famous Blue Mountain Blend. Our knowledgeable shop assistants can advise you on coffee making equipment, or on single origins and blends and grind your chosen beans especially for you as you wait.
